

The Idaho
Foodbank

Backpack

a program of The Idaho Foodbank

7,256 packs were distributed in the North Central counties (includes Clearwater, Idaho, Latah, Lewis and Nez Perce) in fiscal year 2021 by the Idaho Foodbank in Lewiston.

During the school year, many low-income children have access to nutritious meals through their school's free-and-reduced breakfast and lunch program. Unfortunately, on the weekends these same children go without food.

Our Backpack program helps these children by providing weekend food support throughout the school year.
